📍 Carazinho, Brazil

Education

Bachelor of Technology (BTech), Computer science

*Instituto Federal
Sul-rio-grandense (IFSul) –
Campus Passo Fundo*

2015 – 2018 | Brazil

Languages

- Portuguese
- English

Skills

Python | Django | PHP | Laravel | React.js |
Frontend integration | Backend development | My SQL |
Mongo DB | Postgres SQL | AWS | API intergration |
AI technologies | Generative AI | AI Chatbot | Open AI

Profile

I am a senior backend software engineer with over 8 years of experience in PHP & Python. My area of expertise extends deeply into Artificial Intelligence and Large Language Models (LLMs). From implementing AI-powered chatbots to leveraging GPT-4, OpenAI API, LangChain, or fine-tuning custom machine learning models, I inject AI-powered automation and intelligence into modern applications.

Professional Experience

Backend developer | Liven

02/2021 – 11/2022 | Brazil

Specialized in building and maintaining web applications with Laravel, Django as the main framework, alongside React.js, and SQL.

Web developer | INFAD

11/2019 – 09/2020 | Brazil

Developed web apps and websites with PHP, React.js, and Python scripts for automation.

Software Engineer | North Coast Tech

02/2023 – 07/2025 | Brazil

I worked as a Software engineer, building and maintaining web applications using Python, Django, React, and AI technologies for sectors like e-commerce, healthcare, and education.
